

K-Love radio is such a blessing to our community. Instead of drugs, alcohol and sex, which is such a part of many other "popular" music types for teenagers, K-Love is positive and uplifting.

The music helps our family stay focused on the positive things in life, most importantly the love of Jesus Christ. I love to hear both of my stepkids singing along with the lyrics.

If K-Love was to be displaced by an LPFM broadcaster providing other program, our community would really miss out.

K-Love is the only Christian radio station in this heavily Mormon area. It is critical that it be allowed to stay on the air in my area.

In addition to the positive music, K-Love provides information on many services for those people who are in desperate situations. Even those contemplating suicide would hear words of encouragement and phone numbers to obtain help. Other people who may have trouble with kids or their marriage also have the opportunity to hear encouraging messages and phone numbers/websites that have helpful information.

Please don't give the LPFM priority over FM translator service. Our community has so much to lose if you do.

Thank you for your time and consideration.
